

Time running out for re-repairs

The Directors of WD Build and Hardy Projects, Mitchell James and Paul Hardy would like to urgently remind Canterbury homeowners that the final date to register with EQC for over-cap on-sold properties for repair is October 14, 2020.

"We are very close to deadline now, so anyone with doubts about the quality of their repair should call us for a free assessment as soon as they can," says Mitch.

The EQC \$300m policy for homeowners of over-cap on-sold

properties in Canterbury enables affected homeowners to apply for an ex gratia government payment to have their homes repaired.

The payment is also available if the same owners had the home, but believed the repairs done post-earthquakes were not satisfactory or overlooked levelling.

WD Build and Hardy Projects have been at the forefront of this process, helping homeowners get the very best of home repairs.

Mitchell and Paul have helped

owners with the process from the paperwork at the very beginning, to handing over beautifully finished homes at the completion of the project.

"We have so much experience with the EQC process, as well as bringing our building expertise from foundations upwards, to the repair," says Mitchell.

Details for EQC repairs are available at www.eqc.govt.nz. Remember to register by October 14, 2020.

DEADLINE APPROACHING!

EQC On-Sold Cap Policy ends 14th October 2020

There are only 13 days left before the EQC On-Sold ex-gratia programme close.

WD Build and Hardy Projects have partnered together to help you assess your foundations, property levels and damages or questionable repairs that may be covered under the EQC On-Sold Support Package. If you are eligible you can get your **EARTHQUAKE REPAIRS COMPLETED FOR FREE.**

Call today for a free property assessment. Don't let the deadline pass and miss this amazing opportunity.
